**ARIEL CORO**

## **"My Search For The American Dream"**

Ariel Coro is a unique and fascinating individual. He is the CEO of The Aptive Group, a consulting firm that helps companies optimize their use of the Internet and emerging technologies to maximize their market reach. Few realize that Ariel escaped from Communist Cuba at the age of 18 with little education and limited use of English. Despite these obstacles, he doggedly pursued the American Dream, and today enjoys the success he worked so hard to achieve. You will not want to miss this informative, humorous, and inspiring presentation.

Your attendance at our weekly meetings is anticipated and greatly valued. Why not bring a guest and share the fellowship of your fellow Rotarians ? ? ! ! !
